DENTAL DISCOUNT NETWORK ARRANGEMENT

In partnership with the National Student Health Network, GSC provides access to the Student Dental Discount Network. The intent of this network is to provide our student plan members access to high quality dental services at an affordable cost.

Features of this great value-added service and how it works:

1. This national program includes more than 800 dental provider locations from coast to coast.
2. Once a dental provider elects to participate in the network, they are added to a list of GSC's participating dental providers. This list is currently available at greenshield.ca/StudentCentre.
3. You may visit a dentist from the list of participating dental providers, or you may ask your existing dentist to join this network; the advantage to your dentist of joining the network is the potential of an increase in business. Your dentist can call our Customer Service Centre at 1.888.711.1119 for more information.
4. The discount offer applies to most dental procedures and *may* be up to 30%.
5. Our system will automatically calculate the applicable discount when you visit a dental provider in this network. The applicable discount is dependent on your particular college or university's plan design, and will be subtracted from your co-pay, or share of the cost.
6. Eligible dental claims are processed electronically; therefore, **you must first be enrolled on GSC's system in order to be eligible for the discount.** GSC will pay your dentist directly; you only have to pay the dentist your share of the cost (if any) for services provided.
7. You will receive professional dental services while incurring lower out-of-pocket expenses and maintain ongoing oral health.

Visit greenshield.ca/StudentCentre or call the Customer Service Centre at 1.888.711.1119 for more information.

Co-ordination of Benefits (COB)

If you are covered for extended health and dental benefits under more than one plan, your benefits under this plan will be coordinated with the other plan so that you may be reimbursed up to 100% of the eligible expense incurred.

Claims must be submitted to the primary payor first. Any unpaid balances should then be submitted to the secondary plan(s). Use the following guidelines to identify the primary and secondary plans:

GSC Plan Member

This GSC student plan is always your primary plan. If you are the plan member under two group plans, priority goes in the following order:

- The plan where you are a full-time plan member
- The plan where you are a part-time plan member
- The plan where you are a retiree

Spouse

If your spouse is a plan member under another benefit plan, this GSC coverage is always secondary. Your spouse must first submit claims to his/her benefit plan.

Children

When dependent children are covered under both your GSC plan and your spouse's benefit plan, use the following order to determine where to submit the claims:

- The plan of the parent whose birth date (month and day) occurs earliest in the calendar year
- The plan of the parent whose first name begins with the earlier letter of the alphabet, if the parents have the same birth date
- In cases of separation or divorce with multiple benefit plans for the children, the following order applies:
 - The benefit plan of the parent who has custody of the dependent child
 - The plan of the spouse of the parent who has custody of the dependent child
 - The plan of the parent who does not have custody of the dependent child
 - The plan of the spouse of the parent who does not have custody of the dependent child

If the parents have joint custody and both have the children listed as dependents under their plans, claims should first be submitted to the plan of the parent whose birth date (month and day) occurs earliest in the calendar year. Balances can then be submitted to the other parent's plan.

When GSC is identified as a secondary carrier, submit the original Explanation of Benefits statement from the primary carrier and a copy of the claim form in order to receive any balances owing.
